Harry Holden, the dentist, will be at Dr. Matthews' office on Dec. 17 and 18.

Gus Rosselot, of Cincinnati, was at home with his parents over Sunday.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

F. J. CHENEY, & CO., Toledo, Ohio.

Sold by Druggists, etc.

Take Hall's Family Pills for constipation.

HILLSBORO, OHIO.

# The Ohio Farmer

ESTABLISHED 1848 - PUBLISHED WEEKLY

America's Greatest Farm Paper

Has discarded all premiums and other questionable methods and offers this greatest of all agricultural papers at the following greatly reduced rates:

One Year	(52 issues)	50c
Three Years	(156 issues)	\$1.25
Five Years	(260 issues)	2.00

Balance of 1912 included free on all new subscriptions

WE would like to tell you the whole story of our reasons for making this unprecedented reduction in subscription rates, but we haven't the space here—so we will content ourselves with saying that we have taken this step in order to meet the competition of other farm papers that have been using all sort of unbusinesslike tactics in their subscription promotion work. They have been sending out representatives up and down the country offering ridiculous premium inducements with subscriptions to their papers. This practice has utterly demoralized conditions and merit has been lost sight of in the mad scramble for more circulation.

The Ohio Farmer was forced to adopt some of these methods but we have decided to abandon all such plans and in the future depend entirely on the merit of our paper and its adaptability to the needs of its readers.

By getting back to sane methods of conducting our subscription department we will cut down expenses materially and the money we save by eliminating the salaries and expenses of traveling solicitors and cost of premiums we are giving to give to our subscribers in the shape of lower subscription rates and a bigger, better paper.

Don't Forget This.—Every paper that gives you a premium with a subscription, makes you pay for it in the long run and that you usually pay for something as a premium that you don't need.

We think it is hardly necessary to say that the high standard of excellence that has always characterized THE OHIO FARMER will be maintained, in fact contracts have already been awarded for several improvements along advanced lines which will add materially to the publishing expense.

Do not attempt to get along without this great paper any longer. You need it every day in your farm operation; fill out the blank below today—NOW—and let THE OHIO FARMER help to make your labor lighter and your profits larger. SAMPLE COPIES SENT FREE.

THE OHIO FARMER
